ORDER:

In the letter read above, the CE(R&B) CRN & MD, APRDC, Hyd., has stated that Mahboobnagar- Nalgonda road is an important State Highway and Corenet road connecting NH7 at Jadcherla and crossing two State Highways, Hyderabad – Srisailem and Hyderabad – Nagarjunasagar road. It also connects number of interior roads and villages in the tribal areas. The traffic intensity on the above road is very high, as this is a link road connecting all these Highways. Daily thousands of multi-axle trucks are carrying agriculture products from Nagarjuna sagar command area. Apart from this, number of passenger vehicles ply on this road as this road leads to Karnataka State through the parts of Nalgonda from neighboring Districts, Warangal and Khammam. This road from km 88/0 to 163/2 is being maintained under OPRC Package 10. There is no provision for widening the carriageway in the LTPBMC Scheme. The above road from km 114/0 to 121/7 and 122/2 to 136/4 is with single lane carriageway and from km 136/4 to 137/2 is having intermediate lane carriageway,. The remaining stretch from km 121/7 to 122/2 and 137/2 to 163/8 is with double lane carriageway. Due to single lane carriageway in km 114/4 to 121/7 and 122/2 to 136/4, accidents are taking place. The berms in the single lane stretch are getting damaged due to heavy loaded vehicular traffic. Therefore it is very much essential to widen the single lane carriageway to double lane.

2. He has also stated that strengthening of central carriageway is not being proposed wherever the carriageway is recently renewed. At such places only widening is proposed. In the remaining stretches where central carriageway is not renewed recently and where there is no proposal under OPRC, is proposed for widening and strengthening. The stretch from Km. 114/4 to 137/2 will be proposed for deletion from OM of OPRC Package-10 after obtaining Administrative Sanction.

3. He has further stated that the traffic intensity on this road is 920 CVPD and 13417 PCUs per day and last BT renewal on this road was as follows. As per IPC 64-1990, single lane can cater upto 2000 PCUs/day.

Chainage	Year of last renewal
Km 122/0-137/1	1997-98
Km 127/0-129/8	2011-12
Km 130/0-131/0	2011-12
Km 133/0-135/0	2011-12
